

Medical

Thank you for entrusting your journey to recovery in our hands. We have the knowledge and ability to deliver safe and competent nursing care.

Visiting hours

- 11:00-11:30
- 15:00-16:00
- 19:00-20:00

Only two visitors are allowed at a time, due to operational requirements. Visitors may be requested to leave the room to accommodate Dr's rounds and Nursing procedures

NB:

NO CHILDREN UNDER THE AGE OF 12 ARE PERMITTED TO VISIT PATIENTS.

TOILETRIES

Please note that the hospital does not provide sleepwear or toiletries.

Kindly bring this with or ask your family to provide during their next visit.

INFECTION CONTROL

Hand sprays are available at the entrance or inside the ward. Please be so kind to spray your hands before and when leaving the room. This is for your own and our patient's protection.

In cases where a patient is isolated, your family may be requested to follow isolation precautions as directed by the nursing staff.

VALUABLES

All valuables remain the responsibility of the patient. The hospital will not be held liable for loss\damage of valuables.

There is a lock up facility available at the hospital reception, should you need to make use of the facility.

DISCHARGE

On discharge, please ensure that you collect your medication, appointment card\date where necessary and X-rays where applicable.

Should you require any further assistance do not hesitate to ask, we will gladly assist.

Please note that fresh flowers are not allowed due to patients with Asthma and allergies.
